

RUSS WERNIMONT DESIGNS

LED CAT EYE TURN SIGNAL/ACCESSORY LIGHTS (Part Number: 2010-0165)

A quick yet impressive way to change up the look of your ride is to install some new lights. These unique lights mount to any flat surface and come complete with gaskets. Each light measures 6-3/4" high x 2-5/8" wide x 1" deep.

The RWD Combination Cat Eye Turn Signal/Accessory Lights system uses bright Red "Run/Turn/Brake" LED lights all mounted in a sealed capsule surrounded by a chrome bezel frame mount that includes plug-in wiring for H-D factory stock 96-up Softails and 97-up Rubber mounts. This system can also be spliced-wired to most vehicles using run/brake taillights.

This LED Cat Eye Turn Signal/Accessory Light set is designed to be used with a stock Harley-Davidson taillight or with RWD's LED Cat Eye License Plate Taillight Kit (Part Number: 2010-0011) and RWD's Flush Mount/Bolt on Pocket (Part Number: 2010-0012).

Suggested retail price on this set is \$299.95.
